One Day Tour to Galle

Day 01 Colombo – Galle – Colombo

After breakfast at hotel leave to visit Galle Historical Dutch Fortress.

Galle - Sri Lanka's most historically interesting town is Galle. It was a major port until about 100 years, but today still handles shipping and sailing boats in the natural harbour.

Stroll around the lighthouse and harbour or visit the old town where you can see the traditional lace makers and wood carvers and purchase some the finest souvenirs.

Historical Dutch Fortress - The South Coast's major city is Galle, whose oldest landmark is the massive Portuguese and Dutch Fort which is a "World Heritage Site" in which the central city is contained. But the city may be much older. Some scholars believe it to be the "Tarshish" of the Old Testament, to which King Solomon sent his merchant vessels, and to which Jonah fled from the Lord.

Today, the 90-acre Galle Fort shows no evidence of the Portuguese founders. The Dutch incorporated the Portuguese northern wall in a great rampart in 1663. A second, taller wall was built inside of it. Between the two walls, a covered passage connected the central bastion with the Fort's two half bastions overlooking the sea.

The Dutch also installed a sophisticated drainage system, complete with brick-lined underground sewers that were flushed twice a day by the high and low tides. The original gate to the fort was by the harbour. It is still there, marked by the British Coat-of-arms on the front and the Dutch V.O.C. (Vereenigde Oost Indische Compagnie) with the Coat-of-arms with a rooster crest, on the inner side of the Fort.

Lunch (Own arrangement)

After lunch leave to Kosgoda and visit **Turtle Hatchery**.

Kosgoda (Turtle Hatchery) - Where you can see five species of turtles-Green Turtles (*Chelonia mydas*), Hawksbill Turtle (*Eretmochelys imbricata*), Loggerhead Turtle (*Caretta caretta*), Leatherback Turtle (*Dermochelys coriacea*) and Olive Ridley Turtle (*Lepidochelys olivacea*). The eggs collected by the Villagers and Fishermen are purchased by the Kosgoda Hatchery and kept in sandy pens until they are hatched. The newly hatched ones are kept in seawater tanks and released to the sea in the night. This Hatchery alone has released more than 1,750,000 young turtles to the sea. An endowment by the Hasselblad Estate was responsible for the establishment of this hatchery.

Day 01 Colombo – Dambulla - Sigiriya – Colombo

After breakfast at hotel leave to Dambulla & visit **Dambulla Cave temples**.

Dambulla Cave Temples – is a vast isolated rock mass 500 feet high and a mile around the base. Here is found the famous Rock Temple dating to the First Century B.C. The caves of Dambulla sheltered King Walagamba during his 14 years of exile from Anuradhapura. When he regained the throne he built the most magnificent of Rock Temples to be found in the Island.

In the first Cave is a recumbent image of the Buddha 47ft long cut out of the Rock. There are images of deities associated with Buddhism all around. The frescoes on the walls and the ceiling are the oldest here but they are over painted in the Kandy period. In the Second Cave, the finest and the largest of all, there are 150 life-size statues of the Buddha in various postures with few statues of Gods and Kings. The ceiling is also covered with frescoes, which depict great events in the life of the Buddha and landmarks in the history of the Sinhalese people.

Lunch (Own arrangement)

After lunch leave to Sigiriya and Climb **Sigiriya Rock Fortress**.

Sigiriya – is a “UNESCO World Heritage Site” and the 5th Century “Fortress in the Sky” which is perhaps the most fantastic single wonder of the Island. It is also known as Lion Rock because of the huge lion that used to stand at the entrance to the Palace on the summit of the 600-foot high rock. On its summit are the foundations of the Royal Palace, Water Tanks to supply water and all other buildings and at the edges the guardhouses. On one of the stairways the only known ancient work of Sinhala secular painting survived in the form of Frescoes of 21 life sized damsels still shining in their original colours. The Water Gardens, Fountain Garden, Summerhouses, Boulder Gardens and the Caves within the enclosed area should not be missed.

All around Nuwara Eliya you will see evidence of the British influence, houses like country cottages or Queen Ann style mansions. The Victoria Park, in the middle of the town, is a lovely place for a stroll or a picnic and is also good for Birding as you get some rare birds in this Park. Seasons may be absent elsewhere in Sri Lanka, but here you can read them by the flowers, which bloom in the spring (march to May) and the fall (August and September). These are the "seasons" when low-country folk flock to Nuwara Eliya to escape the sea level heat and humidity.
